# Publishing in a Credible Journal The Publishing Process

- Submission guidelines review them, each journal has their own nuances
- Most common guidelines are:
  - Language of submission is English
  - Must be written in grammatically correct English
  - Citations should be clearly referenced
  - Format of referencing to be followed
  - Article structure to be followed
  - What the journal will or will not publish

### Article publishing – The Process

#### Uploading article

- Follow guidelines the abstract must be identified clearly
- Wait to hear from the journal's editor

### What happens in the background

 Article reaches Publishing Editor for first review

#### Publishing Editor decides

- Send for Peer Review
- Reject article

### Article publishing – peer review

#### Selection of reviewer

- Acceptance of reviewer
- Article review (format unique to each journal)

#### Recommendations of Reviewer

- Reject for publishing
- Accept for publishing subject to major changes
- Accept for publishing subject to minor changes
- Accept for publishing (no changes)
